

Innovators Klub: The ultimate Employee Benefit

Innovators Klub Membership can be an essential part of the employee benefits provided by your employer. Thanks to your Klub membership, you will be able to learn from some of the most interesting innovators in the Tech scene, connect with other high profile Innovators Klub members and attend all the events, masterclasses, AMAs and networking sessions created by Tech Open Air, Europe's leading Tech & Innovation Festival.

These are some valuable reasons why your Klub membership should be part of the Employee Education & Development budget, if your company provides something like this!

Let's see more in detail why.

1. Strong network of innovators

Having a broad network of innovators at hand can be an extremely valuable resource when you look for the right people to connect with, inspiration to trigger innovation, and the best allies for partnerships and collaborations.

3. Point of access to your industry's innovation leaders

Imagine an exclusive community, where you get to know on a first name basis the most interesting and successful entrepreneurs, managers and professionals and personally engage together. Remember: alone we are smart, but together we are brilliant!

4. Curated Content
